PARK FILM OFFICE

City of Los Angeles, Department of Recreation and Parks
 4730 Crystal Springs Drive, (Mail Stop 664)
 Los Angeles, California 90027
 Telephone: (323) 644-6220 Fax: (213) 847-6056

Film Production Guidelines

Welcome to the City of Los Angeles, Department of Recreation and Parks (Department). In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

- Vehicles and/or heavy equipment are not allowed on turf areas unless prior approval is given by the Park Film Office.
- Production companies must provide their own restroom and trash receptacles. The City dumpsters and trash cans cannot be used so all self-generated trash has to be removed and disposed of off-site.
- Film permits do not provide exclusive use of a park or recreation area.
- Service roads, parking lot driveway access, handicap or electric vehicle designated parking stalls may not be blocked or restricted. Emergency vehicle access lanes must be maintained in parking lots and park streets at all times.
- Due to underground plastic irrigation lines and trees having shallow root systems, staking or drilling into turf, rocks, trees or asphalted areas is not permissible unless prior approval is given by the Park Film Office. This approval will be noted in the permitted guidelines.
- Locked park gates can only be accessed by a Park Film Office Monitor. Security of open gates must be provided by the permitted company. Any equipment that is permitted to stay overnight must be guarded by the permitted company's security group.
- Alterations to natural or manmade surroundings or content of the park are not permissible unless documented in these specific guidelines. The permit holder is financially responsible for all remediation should there be any damage or unauthorized alteration to Department property. The remediation and cost of will be determined by the Park Film Office.
- A Park Film Office Monitor(s) may be assigned to the permitted location. Their job is to ensure guidelines are followed, liaison between park patrons, other City employees and a communication link between Permittee and the Park Film Office for any additional needs or authorizations. When the Park Film Office is closed the Park Film Monitor has the authority and responsibility to modify these guidelines within the parameters given to them by their supervisor. The Park Film Monitor has access 24/7 to contact their supervisors if needed. The Permittee will be required to adhere to the instructions, restrictions and requests given by the Park Film Monitor.
- Smoking is prohibited on all Department properties. An exception has been made for permitted film production companies to smoke in areas that are designated by the Fire Safety Officer or Park Film Monitor. If a Fire Safety Officer or Park Film Monitor is not assigned to the Permittee there will be no smoking with the exception of an actor smoking while performing or as part of the scene.

- A designated smoking area may not be near any patron activity or facility. Large buckets of sand or water must be placed in this area for disposal of tobacco or tobacco related products. The designated smoking area may be revoked or not allowed depending on weather and location conditions. Failure to comply with the smoking restrictions may result in a fine.
- Production Company can not block public access to road.
- Production Company must park in single file on shoulder of road.
- Cannot impede park patrons from park activities.
- Cannot interfere, prevent, or clear park patrons from the location of filming.
- Must work around maintenance activities.
- Okay to occupy Vista del Valle and film at Cedar Grove and Vista Helipad on 10/20/2010.
- Okay to have fake non firing rifles
- Production Company must wrap bark of tree with protective wrap before tying fake bomb with rope
- Production Company allowed to have blue screen on grounds of Cedar Grove as long as it is supported with sand bags and cannot under any circumstance be staked into the ground.
- Okay to have propane flame bar for camp fire scene, pending approval from Fire Marshall at Vista Del Valle, Cedar Grove, Vista Helipad, and Bronson Caves
- Camp fire scene must be away from vegetation and dry bush and can be moved at the discretion of a Park Film Office monitor at Vista Del Valle, Cedar Grove, Vista Helipad, and Bronson Caves.
- Okay for Production Company to stake tents into the ground, but no more then 6 inches at Cedar Grove.
- Okay to have fog machine, only if it is water based.
- Okay to film at Bronson Caves and occupy parking lot on 10/21/2010.
